

POLICY TITLE: Adoption/Amendment of Policies
POLICY NUMBER: 1000

1000.1 Consideration by the Board of Directors to adopt a new policy or to amend an existing policy may be initiated by any Director or the District Manager. The proposed adoption or amendment shall be initiated by a Director or the District Manager by submitting a written draft of the proposed new or amended policy to the Personnel and Policies Standing Committee for review or creation, which may be submitted in person or by any communication method approved by the District, and requesting that the item be included for consideration on the agenda of the next appropriate regular meeting of the Board of Directors. Any member of the Board may place an item on a future agenda by making a formal request to the District Manager at a meeting of the Board. The District Manager will place Board items on a future Board agenda when reasonable, based on the staff time and research necessary to prepare the item for Board consideration.

1000.2 Adoption of a new policy or amendment of an existing policy shall be accomplished at a regular meeting of the Board of Directors in accordance with the District's state statutes regarding the constitution of a majority vote.

1000.3 Copies of the proposed new or amended policy shall be included in the agenda-information packet for any meeting in which they are scheduled for consideration (listed on the agenda). A copy of the proposed new or amended policy(ies) shall be made available to each Director for review at least 72 hours, per the Brown Act, prior to any meeting at which the policy(ies) are to be considered.

POLICY TITLE: Association Memberships
POLICY NUMBER: 1005

Purpose: This policy sets forth the rules for membership in associations and establishes who may represent the District.

1005.1 Appropriate Memberships. To take advantage of in-service training opportunities, the District may hold membership in industry related associations. Board Members and staff may attend meetings of national, state, and local associations directly related to the purposes and operations of the District. Decisions to continue, discontinue, or add new memberships shall occur through the annual budget process.

1005.2 Appointment of Representatives. The President shall appoint Board Members as representatives and alternates, as appropriate, to serve as contacts between the District, stakeholder groups, associations and others. The representatives and alternates shall report to the Board in a timely manner on their activities involving these associations. In some cases members may be allowed certain expenses for travel and membership in such associations. This shall be determined and approved by the full Board.

1005.3 District Manager Memberships. The President may designate the District Manager as the appropriate representative or alternate in connection with memberships in any association. The District Manager may designate those associations or industry specific organizations with which his/her association is necessary or desired.

POLICY TITLE: Basis of Authority
POLICY NUMBER: 1010

1010.1 The Board of Directors is the legislative body and unit of authority within the District. Power is centralized in the elected Board collectively and not in an individual Director. Apart from his/her normal function as a part of this unit, Directors have no individual authority. As individuals, Directors may not commit the District to any policy, act, or expenditure.

1010.2 Directors do not represent any fractional segment of the community but are, rather, a part of the body that represents and acts for the community as a whole. Routine matters concerning the operational aspects of the District are delegated to District staff members.

POLICY TITLE: Board Secretary
POLICY NUMBER: 1015

1015.1 The board shall at its first meeting or as soon thereafter as practical, appoint by a majority vote a district manager and a secretary. The Secretary performs duties including recording of minutes and actions of the Board of Directors and certifying all actions and resolutions of the Board. A director shall not be the district manager, secretary.

1015.2 Duties of the Secretary

The Secretary of the Governing Board shall have the following duties:

- a) Certify or attest to actions taken by the Board when required;
- b) Sign the minutes of the Board meeting following their approval;
- c) Sign the documents as directed by the Board on behalf of the Authority, and sign all other items which require the signature of the Secretary;
- d) Perform any other duties assigned by the Board and the District Manager; and
- e) Perform any other duties required under law.

1015.3 Responsibilities of the Secretary

The duties of the Secretary, with assistance of the District Manager, are:

- a) Respond to routine correspondence;
- b) Prepare for Board meetings, including preparing the agenda with the advice of the District Manager and providing public notice of Board meetings in accordance with state law;
- c) Attend all Board meetings and ensure minutes of the Board of Directors meetings are recorded. These recordings are for use by the Secretary only for the purpose of preparing minutes for adoption at the next regularly scheduled meeting of the Board. Upon adoption of these minutes the recording media will be reused;
- d) Ensure accurate Minutes of each Board meeting are prepared and maintained;
- e) Maintain Board records and other documents and reports as required by law; and
- f) Disseminate correspondence to Board officers addressed to them.

POLICY TITLE: Board/Staff Communications
POLICY NUMBER: 1020

Objectives: Effective governance of the District relies on the cooperative efforts of the agency's elected Board, who set policy and priorities, and the District's staff members, who analyze problems and issues, to make appropriate recommendations, and implement and administer Board policies. It is the responsibility of District staff to ensure Board members have access to information and to insure such information is communicated completely and with candor to those making the request. However, Board members should avoid intrusion into those areas that are the responsibility of District staff. Individual Board members must avoid intervening in staff decision-making, the development of staff recommendations, scheduling of work, and executing department priorities without the prior knowledge and approval of the District Manager and Board as a whole. This is necessary to protect District staff from undue influence and pressure from individual Board members and to allow staff to execute priorities given by management and the Board without fear of reprisal.

Role of the Board: As the legislative body for the agency, the Board is responsible for approving the District's budget, setting policy goals and objectives and adopting strategic plans. The primary functions of the District staff members are to execute Board policy and other Board actions and to keep the Board well informed.

Individual members of the Board should not make attempts to pressure or influence staff decisions, recommendations, workloads, schedules, and department priorities, without the prior knowledge and approval of the Board as a whole. If a Board member wishes to influence the actions, decisions, recommendations, workloads, work schedule, and priorities of staff, that member must prevail upon the Board to do so as a matter of Board policy.

Board members also have a responsibility of information flow. It is critical that they make extensive use of staff and agency reports and Board meeting minutes. Board members should come to meetings prepared; having read the agenda packet materials and supporting documents, as well as any additional information or memoranda provided on agency projects or evolving issues. Additional information may be requested from staff, if necessary.

Individual Board members, as well as the Board as a whole, are permitted complete freedom of access to any information requested of staff and shall receive the full cooperation and candor of staff in being provided with any requested information. The District Manager or Legal Counsel will pass critical information to all Board members.

There are limited restrictions when information cannot be provided. Draft documents (e.g. staff reports in progress, etc.) are under review and not available for release until complete and after review by District staff. In addition, there are legal restrictions on the agency's ability to release certain personnel information

even to members of the Board. Any concerns Board members may have regarding the release of information or the refusal of staff to release information, should be discussed with Legal Counsel for clarification.

Policies: There shall be mutual respect from both staff and Board members of their respective roles and responsibilities at all times. There is a need for access to staff by Directors and at the same time, unlimited access could result in work priority conflicts for staff.

Purpose: The purpose of the policies listed below is to facilitate Board/staff communications consistent with these principles.

1020.1 All requests for information or questions by the Board to staff outside of a Board or Committee meeting, shall be directed to the District Manager or Legal Counsel as appropriate and shall include the desired time and date for receiving the information. Staff will confirm the date they can provide the information. So that all Board members are equally informed, all written informational material requested by any Director shall be submitted by staff to all Board members with the notation indicating which Board member requested the information. If a Board member requests information from any other member of the staff, staff may either direct the matter to the District Manager or may ask the Board member to contact the District Manager directly.

1020.2 Individual Directors cannot directly assign work to staff members. Board initiated projects will follow organizational channels, through the District Manager, unless there is an emergency. As no formal procedure will answer all cases, the following should be considered as a guide and used with restraint and judgment:

- a) Directors should clear all short-term requests of Staff with the District Manager prior to contacting individual members of the staff and, in most cases, the District Manager should direct and handle the request for the Director.
- b) For long-term, involved studies or where the matter includes confidential material, the District Manager should be contacted and the subject matter discussed with the full Board at a Board meeting prior to staff working on the assignments.
- c) In the event that staff is a participant or representative of a Committee or Work Group of the Board, the Board may contact the staff member directly to request or provide information or confer regarding matters of the Committee or Work Group.

1020.3 At Board meetings and other public meetings, respectful communication is expected. Staff is encouraged to give their professional recommendations, and the Board should recognize that staff may make recommendations that could be viewed as unpopular with the public and with individual Board members. Board members may request clarification and ask questions of staff at public meetings, and Directors are encouraged to participate in healthy discussions amongst each other regarding items under discussion on the Agenda. However, Directors should refrain from debate with staff at Board meetings about staff recommendations or other items being discussed. Staff must recognize that the Board, as the decision maker, is free to reject or modify a staff recommendation and that the Board's wishes will be implemented by staff even if it was contrary to a staff recommendation.

1020.4 Directors shall not attempt to coerce or influence staff, included in the making of recommendations, the awarding of contracts, the selection of consultants, the processing of any projects or applications, or the

granting of permits. Directors shall not attempt to change or interfere with the operating policies and practices of any district department through interaction with staff. Individual Directors may discuss these items with the District Manager to get clarification or raise concerns.

1020.5 Board members should not make public comments critical of the performance of a District staff member. Any concerns by a Director over the behavior or work of a district employee during a Board meeting should be directed to the District Manager privately to ensure the concern is resolved. All complaints about employees from Directors should be submitted privately to the District Manager or, if a complaint concerns the District Manager, to Legal Counsel.

1020.6 Staff will respect the right of Directors to refuse to provide information or answers to staff and recognize that Directors may be bound by other rules of law or procedure that do not permit the Director to speak about the subject matter presented. If a Director violates any of the policies regarding communications as stated in this policy, any member of staff has the right to request that the Director speak directly with the District Manager about the subject matter presented without any fear of reprisal.

POLICY TITLE: Claims against the District
POLICY NUMBER: 1025

Purpose: The purpose of this policy is to provide direction to District staff for processing and resolving (if possible) account adjustment requests and property damage claims against the District. Inherent in this policy is the recognition that every adjustment request or claim will be unique, and that guidelines cannot be written to accommodate every case. Therefore, staff must use discretion and good sense in handling each claim.

1025.1 Property (Land and Improvements) Damage Claims

In the course of the District's operations, damage to land and improvements thereon occasionally occurs due to the proximity of the District's facilities to private property. When District employees are aware that property has been damaged in the course of their work, restorative measures are to be taken to return the property as close to its original condition as possible.

When a property owner informs a District employee of damage to their property (by telephone or in person), the employee receiving the claim will document in writing the time and date and a description of the stated circumstances and allegations. Employees should respond to questions, be cordial and respectful, but refrain from commenting on liability questions.

As soon as possible after information about the damage has been received, it shall be given to the District Manager. The District Manager, or his/her designee, shall investigate the property owner's allegations.

If the owner of damaged property informs a member of the Board, the information will be given to the District Manager. Directors should not independently investigate claims or make any representations to the property owner, but may go with staff to observe.

Investigations shall be done in a timely fashion and documented with a written report, including photographs and/or interviews, when appropriate. A copy of the report shall be submitted to the District Manager.

If the investigating staff person is convinced that the damage was caused by District personnel, equipment, or infrastructure, he/she shall prepare a work order to have the damage repaired, subject to the following conditions:

- a) District Manager approves the work order;
- b) Property owner agrees that the proposed repairs are appropriate and adequate;
- c) Property owner agrees to allow District personnel access to their property to perform the repair work;
- d) District personnel have the necessary tools, equipment, and expertise to perform the necessary work;
- e) Repair work can be accomplished within a reasonable amount of time; and
- f) Cost of material for the repairs will not exceed five hundred dollars (\$500).

If the cost of material for repairs is stated by claimant or estimated by staff to exceed **five hundred dollars (\$500)**, the owner will be asked to submit their claim in writing on a District claim form.

The District Manager shall review the damage claim and the proposed repair work within a reasonable amount of time. If he/she determines that the damage is the District's responsibility and that the proposed repair work is appropriate, he/she may authorize the work if the cost of material for the repairs will not exceed **one thousand five hundred dollars (\$1,500)**. A report shall be submitted to the Personnel and Policies Standing Committee describing the damage claim, including a description of the manner in which it was resolved. The claimant shall be notified of any action by the Committee regarding their claim.

If the cost of material for repairs is stated by claimant or estimated to exceed **one thousand five hundred dollars (\$1,500)**, the claim will be submitted to the Personnel and Policies Standing Committee. The Personnel and Policies Standing Committee shall review the claim and receive input from staff in closed session [qualifies as "anticipated litigation" under the Brown Act]. After reviewing the damage claim, the Committee may authorize the work if the cost of material for the repairs will not exceed **three thousand dollars (\$3,000)** or may make a recommendation to the Board of Directors. A report shall be submitted to the Board describing the damage claim, including a description of the manner in which it was resolved, or a recommendation for Board action. The claimant shall be notified of any action by the Committee regarding their claim.

If the cost of material for repairs is stated by claimant or estimated to exceed **three thousand dollars (\$3,000)**, the claim will be submitted to the Board of Directors for its consideration. The Board will consider the claim during a closed session ["anticipated litigation"] of a regular or special meeting. Action to accept or reject the claim may be taken in open or closed session. The claimant shall be notified of the Board's action regarding their claim. Notification that a claim has been rejected shall be accompanied by proof of service.

The Board will not consider a claim of an amount in excess of the [**insurance deductible**] 00), including the cost of investigation, without prior written approval of the District's insurance company.

Claims in excess of the District's insurance deductible shall be forwarded to the insurance company, and the claimant shall be advised of this action.

Claims for personal injury/wrongful death shall not be investigated by District staff or directors but shall be immediately forwarded to the District's insurance company.

1025.2 Property (Vehicles and Unsecured Property) Damage Claims

All claims of damage to vehicles, or other unsecured property, shall be submitted to the District Manager. He/she shall review the damage claim and the requested restitution. If he/she determines that the damage is the District's responsibility, he/she may authorize repairs or reimbursement of expenses to an amount not to exceed **one thousand five hundred dollars (\$1,500)**. A report shall be submitted to the Personnel and Policies Standing Committee describing the damage claim, including a description of the manner in which it was resolved.

The claim will be processed as described above if the cost of material for repairs is estimated to exceed the applicable thresholds.

1025.3 Property Damage Claims on District Form

Except for damage to land and improvements estimated to cost less than **five hundred dollars (\$500)**, all damage claims must be submitted in writing on a **District claim form**. This will ensure that a claim is valid and protect important rights of the District.

If an individual does not wish to file a claim on the District form, he/she may present the claim by letter if it conforms to Section 910 and Section 910.2, of the California Government Code. Section 910 specifies that a claim needs to show all of the following:

- a) The name and post office address of the claimant;
- b) The post office address to which the person presenting the claim desires notices to be sent;
- c) The date, place, and other circumstances of the occurrence or transaction which gave rise to the claim asserted;
- d) A general description of the indebtedness, obligation, injury, damage or loss incurred so far as it may be known at the time of presentation of the claim;
- e) The name or names of the public employee or employees causing the injury, damage, or loss, if known; and
- f) The amount claimed if it totals less than ten thousand dollars (\$10,000) as of the date of presentation of the claim, including the estimated amount of any prospective injury, damage, or loss, insofar as it may be known at the time of the presentation of the claim, together with the basis of computation of the amount claimed. If the amount claimed exceeds ten thousand dollars (\$10,000), no dollar amount shall be included in the claim. However, it shall indicate whether the claim would be a limited civil case.

Section 910.2 of the California Government Code specifies the following:

The claim shall be signed by the claimant or by some person on his behalf. Claims against local public entities for supplies, materials, equipment or services need not be signed by the claimant or on his behalf if presented on a billhead or invoice regularly used in the conduct of the business of the claimant.

If the filed letter/claim does not meet the requirements of the California Government Code Section 910 and Section 910.2, then a letter shall be sent to the claimant informing them of this fact.

District staff shall provide no assistance to the claimant in filling out the claim form. Claimant must fill out the claim form in its entirety and submit it via mail, fax or personal delivery to the District office. Upon receipt, office staff shall date-stamp the document.

1025.4 Account Adjustment Requests

The District Manager or the Finance Division Manager [Business Manager, Chief Financial Officer, Treasurer or **other appropriate position title**], in his/her absence, is authorized to adjust a customer's water or sewer service [sewer, garbage, electricity, etc.] account when their bill reflects usage that is significantly greater than normal, due to accidental loss of water through broken pipes or when faucets are turned on in the owner's absence, etc. [or other type of abnormal account cost], subject to the following conditions:

- a) The customer requests the account adjustment in writing;

The purpose for identifying Legislative Advocacy Procedures is to provide clear direction to Burney Water District staff with regard to monitoring and acting upon bills during state and federal legislative sessions. Adherence to Legislative Advocacy Procedures will ensure that legislative inquiries and responses will be administered consistently with "one voice" as to the identified Advocacy Priorities adopted by the Board of Directors. The Legislative Advocacy Procedures and Advocacy Priorities will provide the Burney Water District's District Manager, or other designee, discretion to advocate in Burney Water District best interests in a manner consistent with the goals and priorities adopted by the Board of Directors. This policy is intended to be manageable, consistent, and tailored to the specific needs and culture of Burney Water District.

1055.1 **Policy Goals**

- Advocate the Burney Water District legislative interests at the State, County, and Federal levels.
- Inform and provide information to the Board of Directors and district staff on the legislative process and key issues and legislation that could have a potential impact on the district.
- Serve as an active participant with other local governments, the California Special Districts Association, and local government associations on legislative and regulatory issues that are important to the district and the region.
- Seek grant and funding assistance for Burney Water District projects, services, and programs to enhance services for the community.

1055.2 **Policy Principles**

The Board of Directors recognizes the need to protect Burney Water District interests and local control, and to identify various avenues to implement its strategic and long-term goals. It is the policy of Burney Water District to proactively monitor and advocate for legislation as directed by the Advocacy Priorities and by the specific direction of the Board of Directors.

¹ Cal. Gov. Code § 54964.

² Cal. Gov. Code § 53060.5; *Stanson v. Mott* (1976) 17 Cal. 3d 206.....

This policy provides Burney Water District's District Manager, or other designee, the flexibility to adopt positions on legislation in a timely manner, while allowing the Board of Directors to set Advocacy Priorities to provide policy guidance. The Board of Directors shall establish various Advocacy Priorities and, so long as the position fits within the Advocacy Priorities, staff is authorized to take a position without board approval.

Whenever an applicable Advocacy Priority does not exist pertaining to legislation affecting the Burney Water District, the matter shall be brought before the Board of Directors at a regularly scheduled board meeting for formal direction from the Board of Directors. [The Board of Directors may choose to establish a standing committee of two Directors, known as the "Personnel and Policies Standing Committee", with the authority to adopt a position when consideration by the full Board of Directors is not feasible within the time-constraints of the legislative process.]

Generally, the Burney Water District will not address matters that are not pertinent to the district's local government services, such as social issues or international relations issues.

1055.3 **Legislative Advocacy Procedures**

It is the policy of Burney Water District to proactively monitor and advocate for legislation as directed by the Advocacy Priorities and by the specific direction of the Board of Directors. This process involves interaction with local, state, and federal government entities both in regard to specific items of legislation and to promote positive intergovernmental relationships. Accordingly, involvement and participation in regional, state, and national organizations is encouraged and supported by the Burney Water District.

Monitoring legislation is a shared function of the Board of Directors and District Manager or designated staff. The Legislative Advocacy Procedures are the process by which staff will track and respond to legislative issues in a timely and consistent manner. The District Manager, or other designee, will act on legislation utilizing the following procedures:

1. The District Manager or other designee shall review requests that the Burney Water District take a position on legislative issues to determine if the legislation aligns with the district's current approved Advocacy Priorities.
2. The District Manager or other designee will conduct a review of positions and analysis completed by the California Special Districts Association and other local government associations when formulating positions.
3. If the matter aligns with the approved priorities, Burney Water District response shall be supplied in the form of a letter to the legislative body reviewing the bill or measure. Advocacy methods utilized on behalf of the district, including but not limited to letters, phone calls, emails, and prepared forms, will be communicated through the District Manager or designee. The District Manager or designee shall advise staff to administer the form of advocacy, typically via letters signed by the District Manager, or designee, on behalf of the Board of Directors.

4. All draft legislative position letters initiated by the District Manager or designee shall state whether the district is requesting “support”, “support if amended”, “oppose”, or “oppose unless amended” action on the issue, and shall include adequate justification for the recommended action. If possible, the letter should include examples of how a bill would specifically affect the district, e.g. “the funding the district will lose due to this bill could pay for X capital improvements.”
 - a. Support – legislation in this area advances the district’s goals and priorities.
 - b. Oppose – legislation in this area could potentially harm, negatively impact or undo positive momentum for the district, or does not advance the district’s goals and priorities.
5. The District Manager may also provide a letter of concern or interest regarding a legislative issue without taking a formal position on a piece of legislation. Letters of concern or interest are to be administered through the District Manager or designee.
6. When a letter is sent to a state or federal legislative body, the appropriate federal or state legislators representing the Burney Water District shall be included as a copy or “cc” on the letter. The appropriate contacts at the California Special Districts Association and other local government associations, if applicable, shall be included as a cc on legislative letters.
7. A position may be adopted by the District Manager or designee if any of the following criteria is met:
 - a. The position is consistent with the adopted Advocacy Priorities;
 - b. The position is consistent with that of organizations to which the district is a member, such as the California Special Districts Association; or
 - c. The position is approved by the Board of Directors Personnel and Policies Standing Committee.
8. All legislative positions adopted via a process outside of a regularly scheduled Board Meeting shall be communicated to the Board of Directors at the next regularly scheduled Board Meeting. When appropriate, the District Manager or other designee will submit a report (either written or verbal) summarizing activity on legislative measures to the Board of Directors.

1055.4 **Advocacy Priorities**

Revenue, Finances, and Taxation

Ensure adequate funding for special districts' safe and reliable core local service delivery. Protect special districts' resources from the shift or diversion of revenues without the consent of the affected districts. Promote the financial independence of special districts and afford them access to revenue opportunities equal to that of other types of local agencies. Protect and preserve special districts' property tax allocations and local flexibility with revenue and diversify local revenue sources.

Support opportunities that allow the district to compete for its fair share of regional, state, and federal funding,

and that maintain funding streams. Opportunities may include competitive grant and funding programs. Opportunities may also include dedicated funding streams at the regional, state, or federal levels that allow the district to maximize local revenues, offset and leverage capital expenditures, and maintain district goals and standards.

Governance and Accountability

Enhance special districts' ability to govern as independent, local government bodies in an open and accessible manner. Encourage best practices that avoid burdensome, costly, redundant or one-size-fits all approaches. Protect meaningful public participation in local agency formations, dissolutions, and reorganizations, and ensure local services meet the unique needs, priorities, and preferences of each community.

Oppose additional public meeting and records requirements that unnecessarily increase the burden on public resources without effectively fostering public engagement and enhancing accountability of government agencies.

Promote local-level solutions, decision-making, and management concerning service delivery and governance structures while upholding voter control and maintaining LAFCO authority over local government jurisdictional reorganizations and/or consolidations.

Human Resources and Personnel

Promote policies related to hiring, management, and benefits and retirement that afford flexibility, contain costs, and enhance the ability to recruit and retain highly qualified, career-minded employees to public service. As public agency employers, support policies that foster productive relationships between management and employees.

Maintain special districts' ability to exercise local flexibility by minimizing state mandated contract requirements. Oppose any measure that would hinder the ability of special districts to maximize local resources and efficiencies through the use of contracted services.

Infrastructure, Innovation, and Investment

Encourage prudent planning for investment and maintenance of innovative long-term infrastructure. Support the contracting flexibility and fiscal tools and incentives needed to help special districts meet California's changing demands. Promote the efficient, effective, and sustainable delivery of core local services.

Prevent restrictive one-size-fits-all public works requirements that increase costs to taxpayers and reduce local flexibility.

POLICY TITLE: Digital Signature Policy
POLICY NUMBER: 1060

1060.1 Policy. It is the policy of the Burney Water District (the "District") to accept electronic signatures affixed to documents in which a signature is required or used, provided that: (1) the electronic signatures are "digital" signatures that comply with the requirements of California Government Code Section 16.5 and applicable state regulations¹, (2) the signatories are willing and wanting to utilize digital signatures, and (3) the digital signatures are created by technologies authorized by the California Secretary of State and made available by the District.

The use, or the District's acceptance, of a digital signature is at the option of the District and the signer(s). Nothing in this Policy requires the District to use or accept the submission of a document containing a digital signature.

1060.2 Definitions.

- a) "Digital Signature" means an electronic identifier, created by computer, intended by the party using it to have the same force and effect as the use of a manual signature.²
- b) "Digital Signature Certification Authority" means an entity authorized by the Secretary of State to issue digital certificates that are required for a digital signature under California law and that is listed on the Secretary of State's "Approved List of Digital Signature Certification Authorities."
- c) "Digital Signature Provider" means an entity that provides document signing services using digital technology.
- d) "Electronic Signature" means an electronic sound, symbol, or process attached to or logically associated with an electronic record and executed or adopted by a person with the intent to sign the electronic record, including a digital signature.³

1060.3 Electronic Signatures. The use of electronic signatures is authorized by two California statutes, the Uniform Electronic Transactions Act ("UETA"), codified at Civil Code Section 1633.1 *et seq.*, and Government Code Section 16.5.

The UETA provides that a signature may not be denied legal effect or enforceability solely because it is in electronic form. In order for the UETA to apply, the parties must agree to conduct the transaction by electronic means, and whether they have agreed to do so "is determined from the context and surrounding circumstances, including the parties' conduct."

¹ Cal. Code Regs., tit. 2, § 22000 *et seq.*

² Cal. Gov. Code, § 16.5(d).

³ Cal. Civ. Code, § 1633.2(h).

Government Code Section 16.5 applies to public entities⁴ such as the District, and authorizes any party to a written communication with a public entity, in which a signature is required or used, to affix a signature by use of a digital signature that complies with the requirements of Section 16.5.⁵ Digital signature transactions involving public entities that are subject to the UETA are also subject to the more particular requirements of Government Code Section 16.5.⁶ The use of a digital signature will have the same force and effect as the use of a manual signature if, and only if, the digital signature embodies the five attributes⁷ discussed in Section 1060.4 below.

1060.4 Digital Signatures.

Government Code Section 16.5 and State regulations require that a digital signature (i) be created by a technology that is acceptable for use by the State of California and (ii) embody the following five attributes:

- 1) It is unique to the person using it;
- 2) It is capable of verification;
- 3) It is under the sole control of the person using it;
- 4) It is linked to data in such a manner that if the data are changed, the digital signature is invalidated; and
- 5) It conforms to regulations adopted by the Secretary of State, codified at Chapter 10 of Division 7 of Title 2 (commencing at Section 22000) of the California Code of Regulations.⁸

1060.5 Digital Signature Technologies.

The Secretary of State allows public entities to utilize digital signatures that are created by one of two different technologies – “public key cryptography” and “signature dynamics” – provided that the digital signatures are also created consistent with the provisions of Section 22003 of the California Code of Regulations.

Public key cryptography (“PKC”) is a form of cryptography that generally allows users to communicate securely. PKC signatures are affixed to documents using software enhancements to existing applications and web browsers and are capable of immediate third-party verification.

Signature dynamics uses the individual’s handwritten signature. Unlike PKC signatures, signature dynamics signatures require additional hardware to create the signatures. An electronic drawing tablet and stylus are used to record the direction, speed, and coordinates of a handwritten signature – essentially, taking a snapshot of a person’s signature. This type of digital signature does not offer encryption, confidentiality, or the level of security that is inherent in PKC signatures. PKC allows for third party verification of the signature by certification authorities approved by the State,⁹ while signature dynamics signatures require additional steps (including

⁴ “‘Public entity’ includes the state, the Regents of the University of California, the Trustees of the California State University and the California State University, a county, city, district, public authority, public agency, and any other political subdivision or public corporation in the State.” Cal. handwriting analysis) to verify the signer of a document (similar to a non-notarized, paper-based signature). A formal handwriting analysis of a signature dynamics signature may be lengthy. However, some degree of certainty can be obtained by a lay-comparison of manual handwritten signatures that may already be on file with the District.

The District shall only contract with digital signature providers that offer their digital signature services with a certificate issued by a digital signature certification authority. District staff shall only accept digital signatures created by PKC or signature dynamics technologies. As advised by the Secretary of State, District staff shall consider the following issues and other issues when identifying the appropriate technology to use for each document that includes a digital signature component:

- Are the documents containing signatures going to be transmitted over an "open" or a "closed" network?
- Does the signature on the document need to be verified?
- How much time and resources can be allocated to verification?
- Does the signature need to be compared to a manual signature on paper or can a digital certificate adequately provide one-stop verification?
- Will immediate verifiability reduce the potential of fraud?
- Will the documents containing digital signatures need to be reproduced for public access to the records?
- Will the documents containing digital signatures need to be utilized by another local, state or federal agency? If so, is the technology compatible with the other agency's needs?

However, whenever a document requires immediate absolute verification of a signature, District staff shall only use and accept digital signatures created by the PKC technology.
