NEW BUSINESS:

- 3. Discuss Strategies Regarding Future Customer Communications:** District Manager Willie Rodriguez discussed gathering together the people in the community who had something to do with the pools and parks to get pictures and historical information. Discussed putting together presentations about the water and sewer for the schools and discussed strategies on how to get the community interested in learning about the processes for the water and sewer so they can be better informed and understand the costs.
- 4. Discuss Community Parks Meeting:** District Manager Willie Rodriguez informed the committee members on what was discussed at the January Community Parks Meeting. During the last meeting they discussed upcoming activities at Washburn-Bue park. We have been in discussions with FRJUSD about them mowing our parks and billing us for it or offsetting their water bill. Willie believes it would take between 5 to 6 hours a month. Will need to get legal clarification to see if we could offset their bill for the work done, if that cannot be done they would send us a monthly invoice for the work.
- 5. Review Future Agenda Items and Summarize Board Direction:** Public Relations regarding 30th year for the pool.
- 6. Adjournment:** Director Rogers called for adjournment at 1:00 p.m.
